### Family Trees at USCL

Mrs. Carol Minehart's eighth grade students researched their family histories and created wonderful family trees as a class assignment.

They will be on display at USCL until the end of the month.

Grady Thiel, son of Josh and Kristi Thiel, has completed the 1,000 Books Before Kindergarten program at the Upper Sandusky Community Library.

Grady comes to the library quite often with his Mom, Dad and sister, Savannah. Any child from birth until he or she enters kindergarten can participate. Each child will receive a log to

record the books, with incentives being given along the way. As you read to your children, they will form a link between books and what they love most – your voice and closeness.

**Congratulations, Grady!**

## National March into Literacy Month

“Literacy arouses hope, not only in society as a whole but also in the individual who is striving for fulfilment, happiness and personal benefit by learning how to read and write.

Literacy...means far more than learning how to read and write...the aim is to transmit...knowledge and promote social participation.”

-UNESCO Institute for Education, Hamburg, Germany
